Connection of the Children(CoC) is the NGO and make the world one big family though an education program and a study tour. CoC also has one symbolic project which encourage travels treasuring a connection based upon a thread and simultaneously teaching the world it's worth.

The world will become a bigger family as the thread becomes longer and longer. In January 2017, We connected 10,000 people in 68 countries. This time we will take place one special event with that long thread from 4th to 30th of August and we have tried a fund raising using this crowd funding service.
